CZECH GLIDING CHAMPIONSHIPS 2024

Toužim, ČR

9. - 21.6.2024

Cancellation / refund of entry fee

In the event of cancellation of participation within 30 days before the start of the competition (no later than 10th of May 2024), the organiser will return the deposit in full to the bank account of the competitor from which the deposit was paid.

In the event of cancellation within 15 days before the start of the competition (no later than 15th of May 2024), the organizer will return part of the deposit in the amount of 50% to the bank account of the contestant from which the deposit was paid.

The deposit will not be refunded if the contestant cancels his/her participation less than 15 days before the start of the competition. The deposit will be used to cover services and capacities already provided.

Any deposits paid for additional services will be refunded in full.

WIFI availability

The airport operates a wireless WIFI network with a limited maximum number of connected devices. The WIFI will primarily be used for the needs of the competition organization.

Competitors are advised to arrange their own mobile data services using the data network of one of the mobile operators. 4G and 5G mobile networks are available in the area.

Local specifics

Toužim Airport is located at an altitude of 647m in the open countryside. For this reason, even in the summer months, evening, night and morning temperatures tend to be lower than usual in other locations. Competitors are advised to be prepared for this. If you use heating in your caravan, please use primarily gas appliances.

Airfield and camp area

The airport area is compact and it is very close to everywhere. We recommend walking or cycling to get around the airport. Should it rain for an extended period of time during the competition, competitors and their teams are asked to limit car driving on the operational areas as much as possible.

The entrance to the grounds is equipped with a rolling gate that will be permanently open during the event.

Security

In order to ensure the security of your property during the event, we have asked the Police of the Czech Republic to check the premises regularly (even at night). However, this will not be an unsurvivable guarding.

For this reason, we recommend that you keep a check on the security of your valuables, caravans, tents or cars, especially at night.

The airport is equipped with a CCTV system which will be in operation 24/7. It cannot, however, keep an eye on all locations.

We are also in talks with a security agency to guard the site during night hours to reduce the risk of theft.

Free time activities

Toužim Airport is located on the edge of the Slavkov Forest near the spa towns of Karlovy Vary and Marienbad.

The location is suitable for hiking and cycling, near the airport there are two repaired road sections with minimal traffic, where in-line skating is possible.

Among the sights in the vicinity, Bečov nad Teplou is worth a visit with its castle and chateau, including the Reliquary of St. Maurus, the Teplá Monastery, the Skoky Monastery and many other places.
